2. [REDACTED] requested that we review the "letters of welcome" to both civilian and military personnel from a security point of view. I asked George Meloon to arrange this with Colonel Edwards and to advise me as soon as possible.

3. [REDACTED] asked if we had any objection to placing [REDACTED] in the FDD unclassified pool as a first step of separating him from the Agency. I told Joe that if after checking with Colonel Edwards there was no objection from a security point of view it was all right, provided FDD and [REDACTED] clearly understood that such an arrangement would be a temporary measure and that [REDACTED] must eventually leave the Agency.

5. I talked to Jim Garrison and [REDACTED] concerning Jim's upcoming trip to the [REDACTED]. They clearly understand that they are to make no commitments without DD/A or, if necessary, PRC approval.

6. I also talked to Jim Garrison about "hardware" procurement and he clearly understands that he is not to proceed with any further purchases without DD/A permission.

7. I spoke to Sheff Edwards about the long overdue paper on what employees may say as to where they work, etc., and he promised it to me not later than tomorrow.

8. Talked with Dr. Tietjen and [REDACTED] about a particular medical case and told them both to make the very best arrangements that we could under the circumstances.

9. [REDACTED] was in to talk about his travel plans. Processing seems to be moving along all right and I think that we will have everything ready for him by Tuesday or Wednesday of next week.
